

T.C. 230-D Rust Preventative

DESCRIPTION

T.C. 230-D is a water displacing rust preventative. It leaves a dry-to-touch film and will give 30 to 180 days rust protection for both indoor and outdoor.

APPLICATION

Use at room temperature as a spray or in a dip tank. Parts should be relatively dry before application of T.C. 230-D. The film can be readily removed with solvent or alkaline cleaner if necessary.

SPECIFICATIONS

Appearance	Dark Amber
Acid Number	45
Flash Point	165° F.
Pounds/Gallon	6.789
Viscosity @ 100	35 to 40 SUS
Temperature	Room Temperature
Concentration	As Is
SAF Number	#8

SAFETY

Do not take internally. For industrial use only. In case of accident, flush affected areas thoroughly with plenty of water. Seek a physician if irritation results.
