T.C. 269 Rust Preventative

DESCRIPTION

T.C. 269 is a water-displacing, solvent-based rust preventative. It leaves a dry-to-touch film and will give a 30 to 120 days rust protection.

APPLICATION

Use at room temperature as a spray or in a dip tank. Parts should be relatively dry before application of T.C. 269. The film can be readily removed with solvent or alkaline cleaner if necessary.

SPECIFICATIONS

Appearance	Clear amber
Flash point	300°F
Pounds/Gallon	6.7
Viscosity @ 100	35 to 40 SUS
Temperature	Room temperature
Concentration	As is

SAFETY

Do not take internally. For industrial use only. In case of accident, flush affected areas thoroughly with plenty of water. See a physician if irritation results.
